Mr. Ty Christensen  
Family Heritage  
12117 Grover Street  
Omaha, NE 68144

Dear Ty,

Thank you so much for the time you have spent with the Logan View Staff the past couple years explaining your supplemental insurance product. You explain the benefits in a very simple manner that everyone can understand. On top of the great benefits, the money back guarantee makes it a "no brainer" decision for most of our staff of teachers and administrators. I look forward to working with you for years to come.

Not only does Family Heritage offer a great service, they make the process of using the benefits very easy. A simple fax with the preventative services you received and Family Heritage takes care of the rest. The turnaround for payment is quite short which is good as health insurance only pays the doctors, not the everyday costs you incur when you have health issues.

Most importantly Ty, you are great to work with. Your timeliness to questions, attention to detail, and follow up with your clients is excellent. The comments from our staff about Family Heritage and your service have been nothing but positive.

Again, thank you for your time and attention to our employees. We look forward to working with you in the future.

Sincerely,

Rochelle Clausen  
Principal  
Logan View School
