Mr. Ty Christensen
Family Heritage
12117 Grover Street
Omaha, NE 68144

Dear Ty,

Thank you for your willingness to come to Ralston High School to present a very valuable product that will assist if an unfortunate situation would arise with one of my staff's health and well-being. Seeing first hand the affect that cancer can put upon a person physically and emotionally, your company's plan/package will give some peace of mind when it comes to the financial burdens that will occur if one does not plan accordingly.

Your presentation to our staff was concise, but packed much information. Your willingness to make several trips to the building, and meet with staff on their time, shows your commitment to doing the work the right way. It's my pleasure to have you come to Ralston and bring this product. It's my hope we can expand the product throughout the entire building to help give all staff the opportunity to have this peace of mind through a valued program.

Thank you again for your time and efforts. I look forward working with you for years to come.

Sincerely,

Steve Schrad
Principal
