Re: Staff Assistance

Dear Ty,

I would be remiss if I did not take the time to say thanks for your continuous availability and expertise in providing guidance to our staff in regards to health benefits. This opportunity that you and Family Heritage make available for teachers is definitely a great resource to all who are thinking about expanding their health and financial portfolios. The plans presented to our staff, allow for maximum flexibility to help everyone no matter what stage of life they are in! The concept of brokering health benefits with a payback package makes this a sound family investment.

In the people business it is extremely important to be confident in the information you are presenting, caring enough to personalize the delivery, sincere enough to establish customer trust, and dedicated enough to follow through when people need you most. You have these qualities and that is exactly why I and many Chieftains have elected to become involved with your services. **My one regret is that I did not get involved sooner!** Keep up the great work helping people.

Respectfully,

Tim McNamara Yutan High School Principal
